

Graduate School of Behavioral Health Sciences

Interdisciplinary degree and certificate programs
in behavioral and physiological sciences

[The Graduate School of Behavioral Health Sciences](http://e-campus.bp.edu/sales/CeRegister_new.php), a Registered University in the State of Wyoming, now offers three programs. Visit http://e-campus.bp.edu/sales/CeRegister_new.php where new and existing students can view course details and register (please scroll down from the top of the page to find the 2 courses).

- All are delivered online through the University.
- All are live interactive Webinars.
- All are recorded for later viewing or revision should any be missed.

CERTIFIED BREATHING BEHAVIOR ANALYST

This course incorporates the Breathing Assessment Certificate and goes further into the identification and processes of addressing behavioral dysfunction. An appropriate qualification in health-related sciences is required to undertake this course.

It is 125 hours of online teaching, over a period of 12 weeks and earns 6 Academic Credits and 75 CE hours. These Academic Credits can be applied towards the Masters in Applied Breathing Sciences - also offered by the School. Registration is via: <http://bit.ly/2vsLCYu>

CERTIFIED OROFACIAL MYOLOGIST

The requirement for this program is a BS degree in an appropriate field (or equivalent) and one year of recent experience.

It is also a 125-hour program with 6 Academic Credits and 75 CE hours and is completed over a 12-week Trimester. Registration is via: <http://bit.ly/2w9KLd7>

COURSE SCHEDULES

CERTIFIED BREATHING BEHAVIOR ANALYST Fall Trimester commences February 17, 2018.

CERTIFIED OROFACIAL MYOLOGIST Fall Trimester commences November 4, 2017.
